# STEPPE

(Sheepskin)

## About Steppe

Sheepskin's natural variation in colour, brightness and texture lend these rugs an extraordinary degree of characterful diversity. Our Steppe pieces are made from a selection of skins sourced from across the globe, chosen for their colour, shine and fine feel before being cut by hand. Combined like tiles on a floor, the quiet symphony of texture and colour meets the soft geometry of the rug's assembly for an impression of understated elegance.
